

# SPECIAL TOW AWAY AREA from 30 September 2018 to support Station Link

## Beecroft, Epping, Artarmon, Macquarie University, Macquarie Park, Chatswood and St Leonards

From 30 September, new tow-away areas will operate in Beecroft, Epping, Artarmon, Macquarie University, Macquarie Park, Chatswood and St Leonards, allowing any unattended vehicle illegally parked in no parking, no stopping and bus zones to be removed from within the area by exercising powers under Section 143 of the Roads Transport Act 2013.

The special tow-away areas are being introduced to support Station Link, the high frequency buses that will operate for around seven months while the line between Epping and Chatswood is upgraded ahead of Sydney Metro Northwest opening in the second quarter of 2019.

The special tow-away areas are marked in the maps provided.
