

Know before you go

Travel options at your fingertips

Use the **Trip Planner** or a **transport app** to plan your journey.

Get from A to B with ease by planning your trip. The Trip Planner on **transportnsw.info** and public transport apps like **Opal Travel**, **Citymapper** or **TripView** provide real-time service updates, detailed service information, walking and cycling distances and accessibility details.

Find a real-time **transport app** that suits you.

Opal Travel

Top up your Opal card and see your weekly travel reward information wherever you are. You can also plan a trip to and from anywhere in NSW with Opal fare estimates.

Citymapper

Citymapper shows your best travel options by comparing driving, walking and cycling with real-time public transport information.

TripView

TripView creates trip plans for metro, train, bus, ferry, light rail and coach services. Plan your trip based on stations, stops and wharves.

Visit Transport Info at **www.transportnsw.info** to plan your journey, learn about Opal and public transport fares and see if your nearest station has a locker or bike parking facilities so you can get an active start to your commute.
